Complaint: #01/10: Complainant is not taking consent agreement seriously. LPC was reported seeing a client in early July even though she was under consent agreement and was not to be seeing clients. In early July, LPC saw a client and filed a report with worker’s compensation. After much discussion, it was decided that she should be given a year suspension, a year of supervision following the year of suspension (supervisor to be approved by the Board), continue seeing counselor at least once a month, random drug monitoring at least once a month, a mental health/impaired clinician evaluation within 90 days of the signing of the new consent agreement, a three hour graduate class in each area of concern (addictions and ethics).

Exit Executive session – 2:51pm

Complaint #01-10: (M/S/P Hartman/Frost)

Meeting Adjourned: 2:52pm (M/S/P Schimmel/Masson)

Respectfully Submitted:
