DHHR Recommended Services for Sex Offenders:
The Board reviewed and discussed the DHHR’s new recommendations for persons who work in the treatment of sexual offenders. The Board instructed the ED to construct a letter acknowledging the receipt of the standards.

Questions to the Board:
Entertained question about changing “grandfather” status to a status that reflects she meets the requirements for licensure under the new rule. The Board decided that this is not possible.
Marshall University Professors from the Huntington campus requested that the board consider a waiver of the Addictions course and the Marriage and Family course for their recent graduates. MU professors cited that they did not know the new requirements for licensure included these courses and therefore they did not properly inform students of their need to take these. After careful consideration and much discussion on the part of the Board, it was decided that there would be no fair and just way to track what students should be granted a waiver, thereby making the rule inconsistent and difficult to adhere to. It was decided that a waiver was not in the best interest of all parties.

The board discussed the allowance of additional internship hours towards supervision in cases where master’s level students were required to complete an excess of 300 hours. Currently, the formula works in this way:

3 hrs of internship = 300 hours with a maximum of 900 hours to be granted.

Adjourn 4:30pm m/s/p (Schimmel/Frost)

Respectfully Submitted,

Christine Schimmel, Secretary
